On 5/30/90, Bureau Agents and Officers of the Oakland Police Department Homicide Detail met with Sergeant [REDACTED] of the Sonoma County Sheriff's Department at Santa Rosa, California. At that time, Sergeant [REDACTED] provided the evidence as recovered by Sonoma County Sheriff's Department on 5/9/90, in captioned bombing to SA [REDACTED] for submission to the FBI Laboratory for examination. Sergeant [REDACTED] advised latent fingerprint examination has been conducted of this evidence utilizing the super glue and ninhydrin process. A single latent print of value was developed on the hand printed sign reading "LP screws mill workers". No additional examinations have been conducted.

Solder Samples

~~Specimens~~ from four joints of the K67 specimen, solder samples from six joints of the K79 specimen, solder samples from each of the ~~K~~ K109 spools, and a solder sample from the K110 specimen, were analyzed by instrumental means to determine their elemental composition.

Compositional differences noted preclude compositional association of ~~the~~ the solder from specimens K67 and K79 to each other or to ~~the~~ specimens K109 and K110. Also, compositional differences preclude association of any of the above specimens to any of the following:

Q7 and Q8 (00601001 S/D YR...RF),
Q20, Q82, Q86 (00601005 S/D YR...RF),
and K15 (00606012 S/D YR...RF).

It is noted that ~~several~~ ~~takes~~ samples of specimens K67, K79, K109, and K110 were obtained by cutting and/or melting the solder as necessary.

→ All averaged together

10

K109B is similar in composition to the items from the above cases. However, No associations can be made between K109B and these items due to Sn, Sb, and Bi differences - K15 is very close to K109B, although again differences preclude associations.

DATA CONCLUSIONS

- K₁₁₀ is different from all other samples even in gross composition
- K₆₇ cut just barely associates w/ K₆₇ melted and then only when Cu and Zn are disregarded - This is realistic as Cu & Zn contamination are expected from the Cu pipe
- K₆₇ does not associate w/ K₁₁₀ via Pb differences or K₇₉ via Pb, Ag differences
- Basically, no help here —
- Note SEM RESULTS AS WELL SHOWING ALL DIFFERENT —
- Remains of K₆₇, K₇₉, returned to Williams K₁₀₉ + K₁₁₀ w/ evidence

00706001 VZ

K 67 - As pictured there are 4 joints , with obvious top side (as in photo) and under side. All samples were taken from underside of joints - i.e. blobs at sites A & B had a large blob each that was sampled ^{by cutting w/ nippers} and sites C & D were minimally sampled for SEM ^{quantitative} analysis

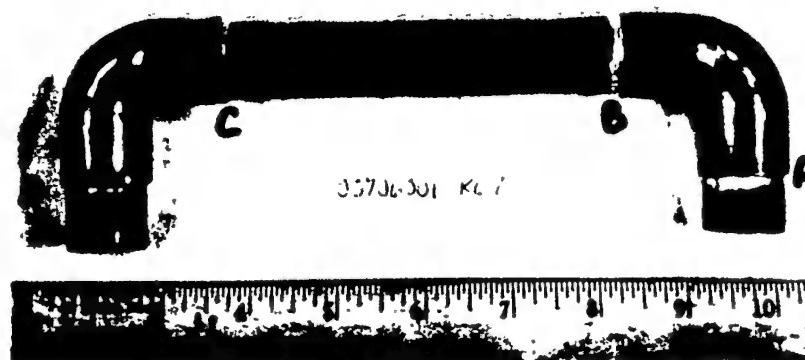

K 79 - As pictured there are 7 joints . There is no obvious top side , blobs have formed in several locations.

As large a sample as could be reasonably obtained was cut by nippers from around each joint A through G.

On 5-9-90, at approx. 0805 Hrs., I went to LOUISIANA PACIFIC, a lumber mill at 26800 Asti Rd. Cloverdale, CA. regarding a vandalism report. I met with the [redacted] [redacted] who related the following information:

[redacted] arrived at his office, at the mill, at approx. 0700 Hrs. Shortly thereafter, he observed the front of the office building had been vandalized. The siding had been damaged and there was debris on the wood deck, along with a gas can, near the northwest corner of the building. The wood deck was stained with some type of material. [redacted] [redacted] pointed out a small sign propped up against a nearby tree. The sign read "LP SCREWS MILLWORKERS".

I observed the damage and debris pointed out by [redacted]. It consisted of small pieces of plywood, foam, duct tape, a pocket watch, and wires, along with other materials. Some of the items were scorched. The capped gas can was damaged and contained some type of liquid. Based on what I observed, I believed that some type of destructive device had exploded.

On the front lawn, away from the general area of debris, I observed a section of 2" galvanized pipe approx. 9" long. Both ends of the pipe were capped. The end of one of the caps was missing. It appeared to be the remains of an exploded pipe bomb.

I secured the scene and summoned the assistance of the officers listed on page #2 of this report. Refer to their supplement reports for additional information

I next spoke with Wit. [redacted] who lives approx. 100 Yards north of the LOUISIANA PACIFIC office building. He told me that he and [redacted] were awakened by an explosion early in the morning. He looked at a clock and noted the time to be approx. 0410 Hrs. He did not get out of bed to investigate and heard nothing further.

[redacted] told me that only one person would have been at the plant at 0410 Hrs. He is identified as:

[redacted]

I built with these Hands the bomb that I placed in the car of Judi Bari. Doubt me not for I will tell you the design and materials such as only I will Know. I come forward now emboldened by the Spirit of the Lord to spread the Message spoken by the bomb so that All will hear it and take it into there Hearts. This woman is possessed of the Devil. No natural Woman created of our Lord spews Forth the Lies, Calumnies and Poisons that she does with such Evil Power. The Lord cleared my Vision and revealed this unto me outside the Baby-Killing Clinic when Judi Bari smote with Satan's f words the humble and Faithful servants of the Lord who had come there to make witness against Abortion. I saw Satans flames shoot forth from her mouth her eyes and ears proving forever that this was no Godly Woman no Ruth full of obedience to procreate and multiply the children of Adam throughout the world as is God's Divine Will.

Let the woman learn in silence with all subjection. But I suffer not a woman to teach, nor to usurp authority over the man, but to be in silence.

Timothy 2:11

She and her blasphemous host try to abort the children of Adam and erase us from the Face of the Earth which was Created by God to be our Home so that we will fill it with our Numbers in His Name. She spoke Satan's Words yet the Lord did not strike her Down. Darkness fell upon my Spirit. My prayers sought Guidance so I would know if the Lord was calling me to Wield His M Sword. I could hear no Answer but Satan marched on and caused great Uproar over the land. This Woman Possessed of the Devil set herself on the Honest men of toil who do Gods work to bring Forth the bounty that He has given us to Take. All the forests that grow and all the wild creatures within them are a gift to Man that he shall use freely with God's Blessing to build the Kingdom of God on Earth. They shall be never ending because God will provide.

And God said, Let us make man in our image, after our likeness; and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over every creeping thing that creepeth upon the earth.

Genesis 1:26

All of it is God's Gift for us to Take and use so that we can build our Civilization in the Image of the Creator. The Devil is sorely displeased by our Godly Dominion and he sends his demons to sow Confusion and Doubt in our numbers. This possessed demon Judi Bari spread her Poison to tell the Multitude that trees were not God's Gift to Man but that Trees were themselves gods and it was a Sin to cut them. My Spirit ached as her Paganism festered before mine Eyes. I felt the Power of the Lord stir within my Heart and I knew I had been Chosen to strike down this Demon. But

my Faith was Weak and I was Deaf to His Words as he instructed me. The Devil Hissed into my other ear that I should use Cunning and turn Judi Baris poison against her. I was Weak and my Faith in the Lord's Power was lacking. I dared not Strike at the demon herself. No, instead the Devil moved my hand to bomb in Cloverdale to bring Infamy down on Judi Bari.

b7E

[REDACTED] And the bomb was placed and [REDACTED] and the bomb exploded. But the Almighty Lord took Pity on my Foolishness and a Miracle came Forth. The gas oil mixture did not explode! Praise God! With this Sign the Lord told me Use not Indirection. The Lord had shown me that his Work needed no Subterfuge and must be clear and Visible in the eyes of all. I was His Avenger. The demon must be struck down. The Light filled me and my Faith was impregnable. Great joy Filled me I set to work.

The righteous shall rejoice when he seeth the vengeance: he shall wash his feet in the blood of the wicked.

Psalms 58:10

I put the bomb in her car whilst she was at the meeting with the loggers. The wicked shall know no Refuge.

b7E

[REDACTED] And the Bomb was Hidden and the hour hand Moved. But it did not Explode! The Lord had Made another Miracle. He had stopped the hand of the watch by His Divine Intervention. I was seized by Doubt and Confusion but my Faith told me that a Higher Purpose must be at Work. For two nights and two days the hand was stayed until the Demon was joined in her car by the VERY SAME man who had helped her Mock and Insult the Faithful outside the Abortion Clinic that day years ago. PRAISE GOD!

Wherefore be ye not unwise, but understanding what the will of the Lord is.

Ephesians 5:17

administered Divine Justice. But it did not kill! I had wanted that she should be cut Down quickly like a diseased horse that must be put down but the Lord Willed that she should Live on in Pain

suffering the vengeance of eternal fire

Jude 7

so that others would Cringe with Fear and Horror at the Terrible Scourge of the Lord. Now all who would come to the forests and worship trees like gilded Idols have been Warned. They have seen the Fate that awaits them.

To me belongeth vengeance, and recompense,
their foot shall slide in due time for
day of their calamity is at hand, and
the things that shall come upon them
make haste.

Deuteronomy 32:35

To those who share the demon's pagan faith I warn you to Return to the Lord.

Submit yourselves therefore to God. Resist the devil, and he will flee from you.

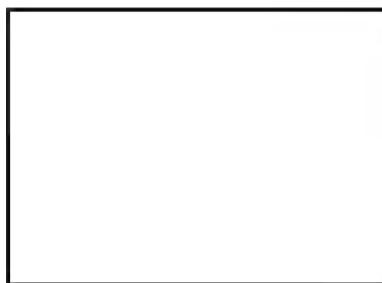

James 4:7

But if you Heed not this Warning and go into the forests to do Satan's Bidding surely you will Suffer the Punishment of demon Judi Bari.

I will early destroy all the wicked of the land; that I may cut off all wicked doers from the city of the Lord.

Psalms 101:8

I HAVE SPOKEN. I AM THE LORD'S AVENGER.

Re Los Angeles airtel to Bureau and San Francisco
 dated 3/4/92.

Referenced communication furnished San Francisco
 with information on listed telephone numbers in the Los
 Angeles area. Los Angeles further advised San Francisco that
 subpoenas would be needed for the remaining 57 telephone
 numbers.

San Francisco should be advised that of the 57
 telephone numbers, 17 telephone numbers are listed with
 GENERAL TELEPHONE of California (GTE). All subpoenas served
 on GTE require a letter of non-disclosure every ninety days.
 This 90 day process continues indefinitely, regardless of
 whether or not the investigation has concluded. If GTE does
 not receive the letter of non disclosure within the ninety day
 period, GTE will notify the subscriber of the investigation.

The following investigation was conducted by Special Agent [REDACTED] at Lincoln, Nebraska, in an effort to identify the subscriber to telephone number [REDACTED]

b6
b7C

On March 25, 1992, a review of the 1991 Lincoln, Nebraska, Polk's Directory, lists [REDACTED] as the subscriber to telephone number [REDACTED] is employed at ROPER & SONS MORTUARY, Lincoln, Nebraska.

b6
b7C

On the same date, a review of the current Lincoln, Nebraska, telephone directory listed F.L. DIVIS as residing at the above address and having the same telephone number. No listing could be found for F.L. DIVIS in any recent Criss-Cross (Polk's) Directory. A listing was found for FERNINANDL DIVIS in the 1978 Polk Directory. FERNINANDL was listed as residing at the above address and having the above telephone number and as being married to [REDACTED] was described as being employed as a District Engineer with the State of Nebraska DEPARTMENT OF ROADS (DOR).

b6
b7C

On the same date, contact with the Lincoln, Nebraska, Telephone Company, determined that the above telephone number has been subscribed to by F.L. DIVIS since August 13, 1965.

On the same date, contact with [REDACTED] (Protect Identity), [REDACTED] resulted in the following information:

b6
b7C

[REDACTED] advised that he recalls FERD DIVIS as having been a former Chief Engineer of the Lincoln District, DOR, however, DIVIS died 10 or more years ago as a result of a heart attack while he was jogging. [REDACTED] recalled that he is survived by [REDACTED]

On March 26, 1992, a review of the State of Nebraska DEPARTMENT OF MOTOR VEHICLES, Driver's License Records, determined that [REDACTED] was issued Nebraska driver's license number [REDACTED] on September 28, 1988, expiration date October 4, 1992. [REDACTED] is described as a white female, date of birth [REDACTED] with brown hair, hazel eyes, 5'3", 127 pounds.

b6
b7C

On the same date, a review of records at the LINCOLN POLICE DEPARTMENT and NEBRASKA STATE PATROL were caused to be made, resulting in no record regarding DIVIS. On the same date, it was determined that Omaha FEDERAL BUREAU OF INVESTIGATION (FBI) indices were negative regarding [REDACTED]

The pieces of fabric present in specimens Q75, Q119 and Q224 appear similar to each other and most probably represent pieces of a towel.

The Q75, Q119 and Q224 pieces of fabric are dissimilar to the K95, K103 and K107 towels.

DOCUMENT EXAMINATION:

Specimen Q2 has been photographed for possible future handwriting comparison.

SOLDER EXAMINATION:

Representative samples of solder associated with specimens Q7, Q8, Q20, Q82, Q86 and the solder on the K15 partial roll of solder were instrumentally analyzed using Inductively Coupled Plasma Atomic Emission Spectroscopy (ICPAES) to determine their elemental composition.

The solder associated with specimens Q7 and Q8 and with specimens Q20, Q82 and Q86 are analytically indistinguishable. Therefore, the solder associated with these two cases originated from a common homogenous source of solder such as the same roll of solder.

The above solder samples are a totally different solder alloy than the solder on the K15 partial roll of solder. Therefore, they could not have originated from that roll of solder.

The minute quantities of solder present on the tip of the K3 soldering iron were too limited and contaminated to perform any meaningful compositional analysis. Therefore, it could not be determined if the K3 soldering iron may have been used to melt the solder associated with Q7, Q8, Q20, Q82 and Q86.

Solder samples from four joints of the K67 specimen, solder samples from six joints of the K79 specimen, solder samples from each of the K109 spools, and a solder sample from the K110 specimen were analyzed by instrumental means to determine their elemental composition.

Compositional differences noted preclude compositional association of the solder from specimens K67 and K79 to each other or to specimens K109 and K110. Also, compositional differences preclude association of any of the above specimens to Q7, Q8, Q20, Q82, Q86 and K15.

It is noted that samples of specimens K67, K79, K109 and K110 were obtained by cutting and/or melting the solder as necessary.

DISPOSITION OF EVIDENCE:

The submitted specimens will be returned to your office upon completion of the requested tape/adhesive examination.

MATERIALS ANALYSES:

Present in the K100 specimen were two tubes of Duro brand, two part epoxy adhesive. This epoxy was mixed according to the package instructions and allowed to cure. This cured epoxy was compared to adhesive present on the Q5 specimen (Laboratory number 00601001 S/D YR-ZM). Based upon the comparison examinations conducted, the K100 and Q5 adhesives were determined to match in color, type and composition. Therefore, it was concluded that the adhesive from Q5 could have originated from the K100 specimen.

The K60, K62, K68, K80, K84, K85, K97, K102, K108 and K111 specimens (which consist of duct tapes, adhesives and black tape) exhibited different physical characteristics from the tapes and adhesives present in the Q9 through Q11 (Laboratory number 00601001 S/D YR-ZM) and Q23, Q30, Q35, Q44, Q64, Q87, Q134, Q149, Q160, Q180, Q200, Q243 and Q259 (Laboratory number 00601005 S/D YR-RF) specimens.

Honorable Frank G. Riggs
House of Representatives
Washington, D. C.

Dear Congressman Riggs:

On September 26th, Neil J. Gallagher, Section Chief, Counterterrorism Section, Criminal Investigative Division along with a member of my staff and

[redacted] met with you and [redacted] at which time a briefing was provided relating to an FBI investigation concerning your constituents Judi Bari and Daryl Cherney. Agent Gallagher indicated during that briefing, that the pending status of the case and a firmly established policy of both the Department of Justice and the FBI precludes the FBI from providing any additional information related to the investigation as was requested by your letter of November 5th.

The FBI has and will continue to conduct a thorough and unbiased investigation of this matter. The FBI continues to work with the local authorities, and the bombing incident involving Bari and Cherney remains a priority investigation within the FBI. While the FBI was aware of Earth First and the Redwood Summer protesters, no prior investigation of the groups nor Judi Bari or Daryl Cherney occurred before the bombing incident of May 1990. Let me emphasize that our present investigation does not involve any organizations in which Ms. Bari and Mr. Cherney may participate.

If the FBI can be of further assistance to you, please contact me or my staff in the Congressional Affairs Office, (202) 324-4515.

Sincerely yours,

19) MHA-SF-90788-5

**John E. Collingwood
Inspector in Charge
Congressional Affairs Office**

Note: This letter was prepared in conjunction with CID. Although the ground rules of the briefing were explained to Congressman Eggs, and he understood no additional information would be provided, he still requested a written response.

The Honorable William Sessions
Director
Federal Bureau Of Investigation
J. Edgar Hoover Building
Washington D.C., 20535

Dear Director Sessions:

As you know, a bombing incident in Oakland, California in May of 1990 injured two constituents from my Congressional District: Judi Bari, and Daryl Cherney, who belong to the environmental group "Earth First!"

As of this date, the joint investigation by the FBI and Oakland Police Department has not resolved this case, and many questions remain unanswered. In my district, concerns have been raised regarding the FBI's response and subsequent investigation of the bombing. Allegations have been made that the FBI has not been objective in its investigation of the bombing, and has not pursued all leads.

As a former Police Officer and Criminal Investigator, I would like to satisfy myself that an unbiased and comprehensive investigation is currently underway. Specifically, I request a written response to the following questions.

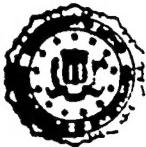

1. Prior to the bombing incident, did the FBI ever investigate, for the purposes of intelligence gathering or criminal prosecution the following:
 - a. "Earth First!" based in Humboldt and Mendocino Counties in Northern California.
 - b. Judi Bari.
 - c. Daryl Cherney.
 - d. "Redwood Summer" protesters in Northern California.
2. What is the status of the investigation, and what priority is it being given?
3. What is the current relationship between the FBI and the Oakland Police Department with regard to the investigation of the bombing?
4. Please respond to the questions raised in the second paragraph of this letter, to the extent that you can without compromising or jeopardizing any ongoing investigations.
